**See Important Notes over**

**Australian Recommended Retail Price List 31 March 2009 (AUD V 9\_1)**

**Important Notes:**

1. The above UNIT prices are **inclusive of freight costs**. Normal shipment within Australia is via TNT Express Couriers.
2. Prices include the “Remote Manager” and Record On Demand” Client Software.
3. Radio Mixer and Powered Logger Patch Prices *do not* include power supply.
4. Spare Part & Accessory Prices are Unit Price only. The prices do not include freight. Minimum Packaging/Handling/Freight charge per order is \$25.00(Excl.GST).
5. Hot Swap PSU price for Factory Fitted only. The price does not include freight and therefore if sold as an item separate from a TOTAL RECALL Unit it will incur a freight charge.

## TOTAL RECALL MAX – ISDN/VOIP/ANALOG SOLUTIONS

**GUIDE: Select appropriate Server Box and add cards/activation options for your individual requirements**

**CONTACT [dale@voicerecorders.com.au](mailto:dale@voicerecorders.com.au) for pricing**

Model	Description	RRP \$AU (Excl.GST) P.O.A.
TR-MR	Total Recall Max Rack – No Channels Enabled (Includes Remote Manager Software, Dual Hot-Swap PSU, Mirrored HDD storage).	

**Add Input Channels Below, up to a maximum of 32 analog channels and/or up to a combined total of 60 channels of VoIP and ISDN.**

Analog Input Channels

+DSP8	8 Channel Analog Telephone/2-Way Radio Inputs	P.O.A.
+DSP16	16 Channel Analog Telephone/2-Way Radio Inputs	P.O.A.
+DSP24	24 Channel Analog Telephone/2-Way Radio Inputs	P.O.A.
+DSP32	32 Channel Analog Telephone/2-Way Radio Inputs	P.O.A.

SIP VoIP Channel Activation

+VP10	10 VoIP Input Channels	P.O.A.
+VP20	20 VoIP Input Channels	P.O.A.
+VP30	30 VoIP Input Channels	P.O.A.
+VP40	40 VoIP Input Channels	P.O.A.
+VP50	50 VoIP Input Channels	P.O.A.
+VP60	60 VoIP Input Channels	P.O.A.

PRI ISDN Cards

(Include a maximum of 2 dual span cards, to connect up to 4 spans (120 E1 / 96 T1 Lines) to your TR Max Rack. Please note that TR Max Rack will only record a maximum of 60 lines simultaneously.)

+PRI1	1 x Single Span PRI ISDN Card (Maximum 30 Lines Connected)	P.O.A.
+PRI2	1 x Dual Span PRI ISDN Card (Maximum 60 Lines Connected)	P.O.A.
+PRI1-2	1 x Single Span and 1 x Dual Span ISDN Cards (Maximum 90 Lines Connected)	P.O.A.
+PRI2-2	2 x Dual Span PRI ISDN Cards (Maximum 120 Lines Connected)	P.O.A.

Select the number of simultaneous ISDN channels to activate below:  
PRI Simultaneous Recording Channel Activation

+PRI10	Activate 10 E1 ISDN Simultaneous Channels	P.O.A.
+PRI20	Activate 20 E1 ISDN Simultaneous Channels	P.O.A.
+PRI30	Activate 30 E1 ISDN Simultaneous Channels	P.O.A.
+PRI40	Activate 40 E1 ISDN Simultaneous Channels	P.O.A.
+PRI50	Activate 50 E1 ISDN Simultaneous Channels	P.O.A.
+PRI60	Activate 60 E1 ISDN Simultaneous Channels	P.O.A.
+PRI24	Activate 24 T1 ISDN Simultaneous Channels	P.O.A.
+PRI48	Activate 48 T1 ISDN Simultaneous Channels	P.O.A.

Model	Description	RRP \$AU (Excl.GST)
TR-DS	Total Recall Max Desktop – No channels enabled (Includes Remote Manager, Mirrored HDD Storage).	P.O.A.

Add Input Channels Below, up to combined total of 60 channels of VoIP and/or ISDN.

SIP VoIP Channel Activation

+VP10	10 VoIP Input Channels	P.O.A.
+VP20	20 VoIP Input Channels	P.O.A.
+VP30	30 VoIP Input Channels	P.O.A.
+VP40	40 VoIP Input Channels	P.O.A.
+VP50	50 VoIP Input Channels	P.O.A.
+VP60	60 VoIP Input Channels	P.O.A.

PRI ISDN Cards

(Include a single or dual span PRI ISDN card, to connect up to 2 spans (60 E1 / 48 T1 Lines) to your TR Max Desktop).

+PRI1	1 x Single Span PRI ISDN Card (Maximum 30 Lines Connected)	P.O.A.
+PRI2	1 x Dual Span PRI ISDN Card (Maximum 60 Lines Connected)	P.O.A.

Select the number of simultaneous ISDN channels to activate below:

PRI Simultaneous Recording Channel Activation

+PRI10	Activate 10 E1 ISDN Simultaneous Channels	P.O.A.
+PRI20	Activate 20 E1 ISDN Simultaneous Channels	P.O.A.
+PRI30	Activate 30 E1 ISDN Simultaneous Channels	P.O.A.
+PRI40	Activate 40 E1 ISDN Simultaneous Channels	P.O.A.
+PRI50	Activate 50 E1 ISDN Simultaneous Channels	P.O.A.
+PRI60	Activate 60 E1 ISDN Simultaneous Channels	P.O.A.
+PRI24	Activate 24 T1 ISDN Simultaneous Channels	P.O.A.
+PRI48	Activate 48 T1 ISDN Simultaneous Channels	P.O.A.

**Important Notes:**

The above UNIT prices are **inclusive of freight** costs within Australia. Normal shipment within Australia is via TNT Express Couriers. Freight for additional parts or cards shipped separately will be charged at applicable destination rates.
